DETAILED ACTION

1. Applicant's amendments, filed 7/27/04 and 8/18/04, are acknowledged.
2. Claims drawn to 15-19, 23 and 25 are allowable.

REASONS FOR ALLOWANCE

3. The following is an Examiner's Statement of Reasons for Allowance:

In view of the declaration filed under 37 CFR 1.132 by Dr. Nasser Chegini on 7/27/04 with the Exhibit references are sufficient to overcome the rejection of claims 15-19, 23 and 25 based upon 35 U.S.C. 112, first paragraph as set forth in the last Office action because they show that a higher TIMP-1 content in peritoneal fluids of subjects with extensive adhesions compared to moderate to mild adhesions. Accordingly, the claims drawn to a method for reducing surgical adhesion formation, comprising administering a therapeutic formulation comprising TIMP-1 antibodies, or Fab fragments thereof, to a patient at risk of surgical adhesion formation, wherein the therapeutic formulation is administered in an amount effective to reduce the local level of TIMP-1 and surgical adhesion formation are deemed allowable.

4. The oath or declaration is defective. A new oath or declaration in compliance with 37 CFR 1.67(a) identifying this application by application number and filing date is required. See MPEP §§ 602.01 and 602.02.

The oath or declaration is defective because: Inventor Nasser Chegini name is misspelled. Correction is required. Further, PCT/US99/17386, filed August 2, 1999 appears to be inconsistent with the claimed priority in the specification on page 1. Correction is required.

5. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
